Re: Policy 4.3 Agenda Planning

Attached is the draft annual agenda developed at the July 8 board meeting. I have included what I heard and I have added some activities for you to consider. For the most part, I kept the superintendent monitoring schedule in policy 3.4 the same. There were a few I changed to better match what I believe the administration could accomplish.

Regarding the Ends policy, there is a lot of activity this fall, yet I still could not see how the board could meet the December goal and still achieve some level of depth of information and understanding about the Ends.

I hope I captured your thinking well enough for you to move forward at the next meeting – August 5. As this meeting conflicts with the statewide leadership retreat, I have arranged for virtual administrative participation.
